SUMMARY

Accomplished Web Developer with a robust background in both frontend and backend development, adept at crafting efficient, reusable code and sophisticated REST APIs. Eager to contribute as a Web Developer, bringing forth expertise in JavaScript, HTML, CSS, and advanced frameworks including Nestjs, Nodejs, Nextjs, and Reactjs. Proficient in integrating cutting-edge technologies to deliver dynamic and scalable solutions.

SKILLS

JavaScript	MongoDB	Git and GitHub	Linux
TypeScript	Python	Docker	Microsoft Windows
NodeJS	NextJS	AWS Web Services	Microsoft Office
NestJS	ReactJS	Analytical Thinking	Troubleshooting
ExpressJS	HTML	Collaboration	
MYSQL	CSS	Problem Solving	

PROFESSIONAL EXPERIENCE

Software Engineer   **August 2022 - Present**
Isense Technologies Ltd
- Developed and maintained databases and APIs, ensuring the security and integrity of data
- Integrated user-facing elements with server-side logic through collaboration with front-end developers
- Successfully integrated third-party APIs
- Troubleshot and debugged issues, enhancing system reliability
- Implemented clean, scalable, and efficient code for optimal performance
- Streamlined server setup and code deployment processes

Operation and Maintenance Centre, Radio Engineer   **March 2019 - August 2022**
Vixen Enterprises Ltd.
- Managed Radio Access Network (RAN) hardware/software, ensuring optimal performance
- Executed fault, configuration, software/license management, and performance management of RAN equipment
- Provided technical support to BSS field engineers, resolving RAN issues
- Led TDM to IP and cluster migrations, enhancing network efficiency
- Conducted RAN optimization and reconfiguration for improved network performance

Base Station Subsystem/Transmission Engineer   **November 2018 - March 2019**
Vixen Enterprises Ltd.
- Provided field technical support, resolving hardware issues
- Installed and optimized microwave communication links between base stations
- Integrated NodeB and BTS sites, improving network connectivity
- Enhanced microwave transmission links, boosting received signal level

Lecturer Assistant (NYSC)   **February 2017 - December 2017**
University of Uyo
- Assisted a senior lecturer in research and preparation of teaching materials - lecture notes
- Evaluated and recorded undergraduate examination scripts.
- Co-supervised undergraduate examinations in the faculty of engineering.

Network Engineer Intern   **October 2014 - March 2015**
Directorate of ICT University of Agriculture
- Offered technical support to network users,
- Resolved LAN switches, computers, and WLAN radios issues
- Installed and configured LANs and WLANs, extending network access

EDUCATION

B.Eng. Electrical/Electronics Engineering   **January 2016**
University of Agriculture, Makurdi
First Class Honours (4.66/5.0)

CERTIFICATIONS

Certified Telecoms Network Associate, CTNS   **2020**
Teracoms

Graduate Member   **2022**
The Nigeria Society of Engineers

Member   **2014**
International Association of Engineers
